TECHNICAL VOCATIONAL HIGH SCHOOL

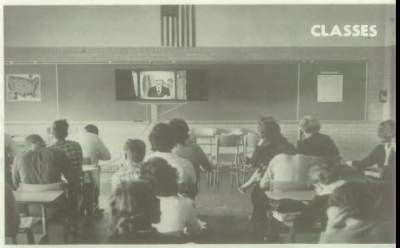

The American

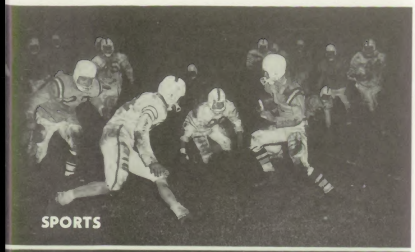

— his life ennobled by the thought that all men are created equal and with the inalienable right to the best possible life — has commissioned the American school to aid youth in growth toward that life.

The American School

— therefore, strives to aid the process of growth in the young American as he seeks to be a worthy family member, a competent worker, an inspired soul, an enjoyer of life, an effective citizen who himself is ennobled by the thought that every man has the right of life, liberty, and the pursuit of happiness.

DAN SLAMAN studied magazine *The Capitol* during his government class.

BARBARA BRITTAIN worked hard on test in U.S. History V.

MR WESLEY held class discussion on world events in his World History class.

TV Aided History Study

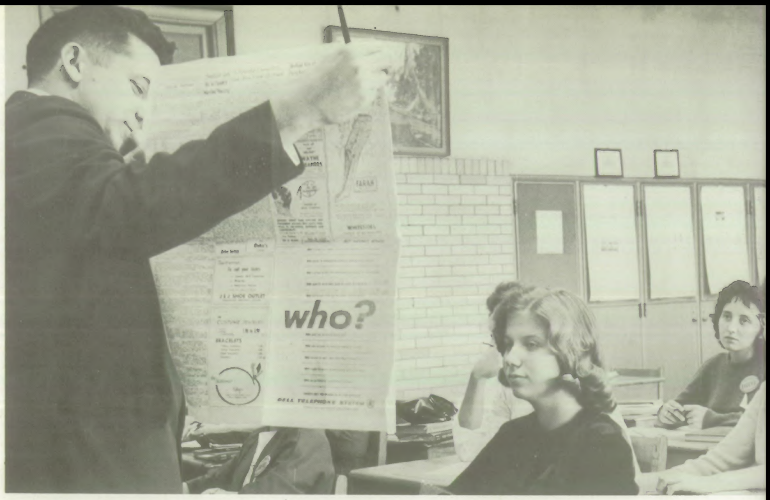

PARTNERSHIPS were the main topic being discussed in Mr. Callantine's Economics class.

Highlighting social studies curriculum for 1961-62 was airborne television instruction. This was an experimental project which was carried on in Mr. John Wagner's history classes for the first time in Tech's history.

Students on both the technical and vocational courses were required to take government, economics, U.S. history, world history, and geography.

MIKE SELJAN, Jim Smiley, and Alice Gordon used latitude and longitude lines to locate specific places in the world while their instructor, Mr. Ross Goodrich, watched for mistakes.

MR CLYNE, Journalism instructor, explained the front page of a newspaper to his class.

FAY REAVES, Marsha Remesnik, and Barbara Tucker used the glossary and dictionary for vocabulary exercises in their Special English II class.

Tech Taught Communication Skills — Necessary

The ability of citizens to talk, listen, read, and write efficiently and with understanding is essential to a democracy. Every student at Tech is required to take seven semesters of English. In addition, the pupils on the Technical Course are required to take eight semesters, the eighth course being English VII or composition. Also included on the curriculum are speech and literature classes.

BOYS CONCENTRATED HARD on their reading lesson in Mr. Rudd's Remedial Reading class.

IN MRS. CHANDLER'S English VIII class, Sandy Schmittel and Linda Lewandowski diagrammed sentences at the blackboard.

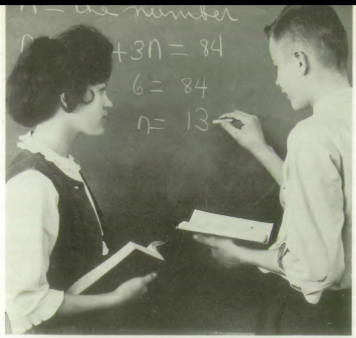

to a Democracy

STUDENTS PARTICIPATING in a panel discussion in speech class were, from left, Sandy Green, Ruth Knight, Norman Smith, Beverly Davies, and Jim Harney.

PAT MULVIHILL, Frank Pushchor, Connie Fentress, and George Damianick interpreted the parts of a play for their English VI class.

IN MR. BORMAN'S ALGEBRA I class, Diane Osika pointed out an error made by Richard Underwood.

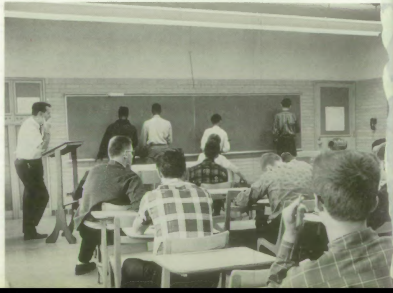

PAUL KINGMA AND CAROLYN MULLINS discussed an Algebra II problem.

A Mat

MRS. JONES HELPED Cyndi Helms and Marie Gianiotis with a problem during Math I class.

SOME STUDENTS MULTIPLIED FRACTIONS at the blackboard while others checked their work in Mr. Proctor's Special Math class.

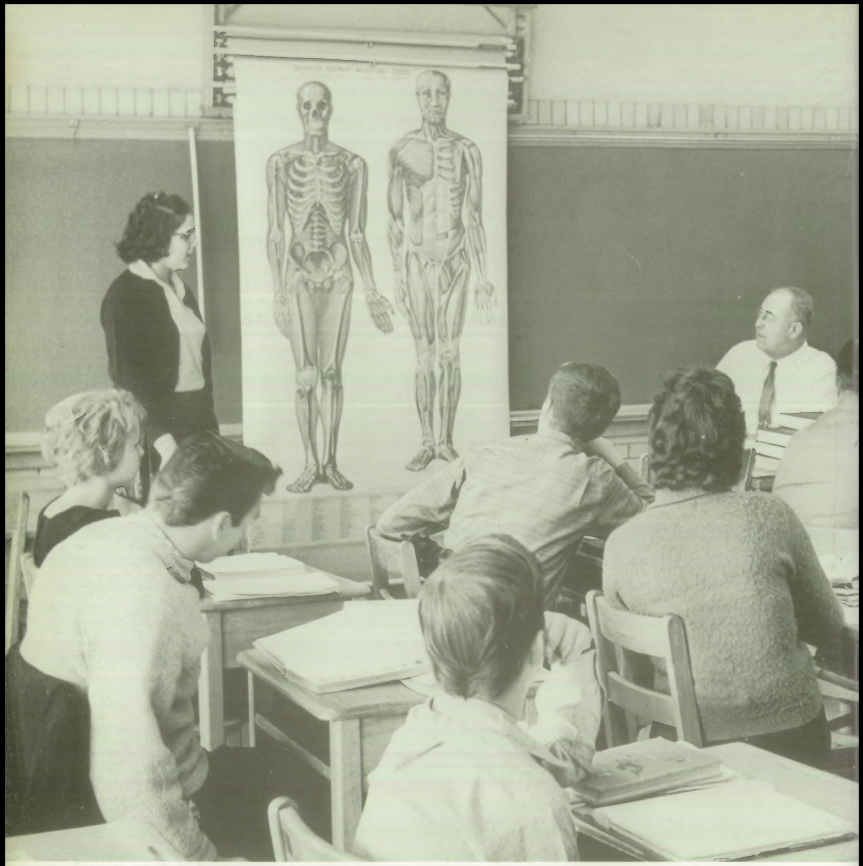

JOE CZARNIK pointed out what he didn't understand about a solution to a problem in Mr. Fuller's trigonometry class.

Course for Every Need

Classes in mathematics were available for both technical and vocational students. Algebra, geometry, and trigonometry were essential in college preparation for the technical students. Vocational students' math classes were directly aimed at helping prepare them for a job after graduation.

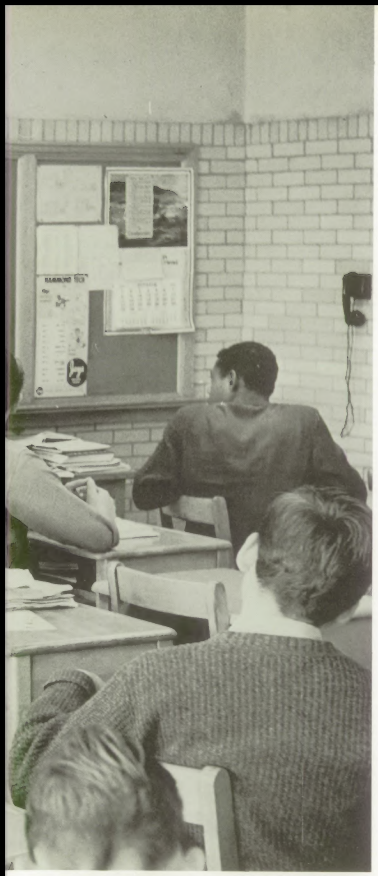

IN MR. RICHARD FULLER'S Geometry class, students thoughtfully worked a test.

Care of Health and Home Was Stressed

Proper care of health and home are important aspects of life in a democracy. Thus, included in Tech's course of study during 1961-62 were such subjects as health and safety, homemaking, home management, family living, and home nursing.

BEING ABLE TO NAME the bones of the body was required in Health and Safety. Vicky Kuntz named the large bones of the body with the help of the instructor, Mr. R. M. Wilson.

HOME NURSING was devoted to teaching girls the fundamentals of being a "nurse in the home." Girls, pictured as they made the unoccupied beds, were, from left, Joyce Decker, Sandra Green, Eleanor Barney, and Penny Atkins.

ROUND TABLE DISCUSSIONS were a part of the Family Living class instructed by Mrs. Mary Higgins.

LINDA TUCKER, Diana Buono, and Narcie Ryan arranged pictures about dress, color, and good grooming on the bulletin board in their Homemaking class.

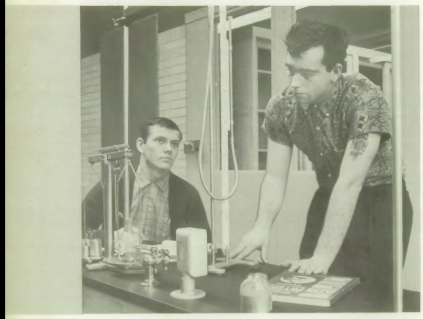

JUDY CUTTER and Larry Crouch studied the circulatory system of a plastic model in Miss Thomas' Health and Safety class.

New Science Rooms Were Activated

Brought into use in 1961-62 were two new science rooms, built with the newest wing of the school. The Science Department also acquired such new equipment as analytical balances, air pumps, and PH meters as a result of an $8,000 matching government grant.

DURING THEIR BIOLOGY II class, Oscar Ortegon, Carol Oldfield, and Yvonne Kasper observed one-celled animals under the microscope.

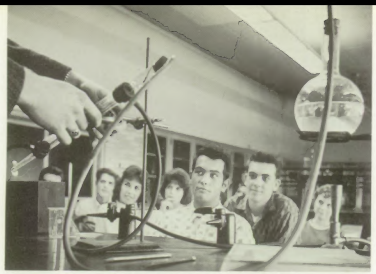

THE NEW PHYSICS ROOM provided the place and the equipment for Tom Melton and Tom Orange to solve a physics problem.

BOYS in Mr. Waite's General Science class grouped around the sink while the principle of water pressure was demonstrated by fellow classmates.

MR. WELTY AND his physics students talked over their homework.

STUDENTS in Mr. Hul's Physical Science class watched their instructor as he gave them instructions on the purification of water by distillation.

SHERRILL BANKS and Ricky Austin studied their notes on the distillation of water in their Chemistry class.

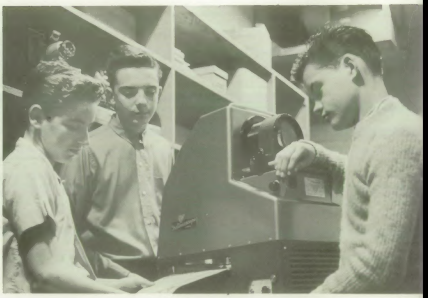

SANDY SCHMITTEL and Sherrill Banks busily worked at turning out a good *Tech Times*.

. . . And There Were Electives Too!

Among the courses offered to students at Tech, there were electives to choose from which were both enjoyable and educational. Students chose these classes in hopes of exploring different and new fields of learning.

IF STUDENTS NEEDED extra time for homework, it was possible for them to have a study hall.

WHILE IN VISUAL AIDS, Guy Eveland, Larry Trzupek, and Larry Henning learned to operate the opaque projector.

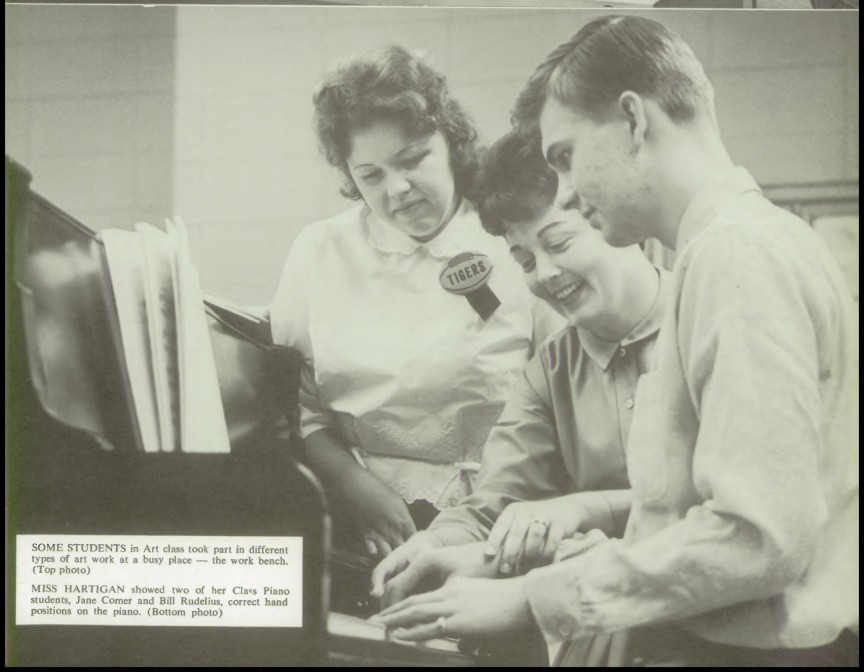

MR. ROBINSON, band instructor, gave instructions to Thomas Hatfield, sousaphone player.

MUSIC FORMS of various compositions were discussed in Miss Hartigan's Music Appreciation class by, left to right, Webber, Freetz, Sobkowicz, Werner, Raschke, Miss Hartigan.

SOME STUDENTS in Art class took part in different types of art work at a busy place — the work bench. (Top photo)

MISS HARTIGAN showed two of her Class Piano students, Jane Comer and Bill Rudelius, correct hand positions on the piano. (Bottom photo)

MRS. MARY SCHAW, credit manager of Werth's Furniture Co.; Mr. Robert Mahon, credit manager of Goldblatts; Mr. W. Freeland, vice president of Mercantile National Bank, and Mr. John Keene, credit manager of Hammond, talked to the economics classes on credit, where they may obtain it, what the terms might be, and what credit is.

THE LEG BONE of a calf, held by Coach Al Waite, health and safety instructor, was the topic for discussion in Mr. Waite's second period class. Mr. Waite's class studied the skeletal structure of the human body and how the ligaments hold the bone framework together. Mr. Waite attempted to get as many specimens of animal organs as possible. Larry Moore, pictured center with upraised hand, is discussing the bone with Coach Waite.

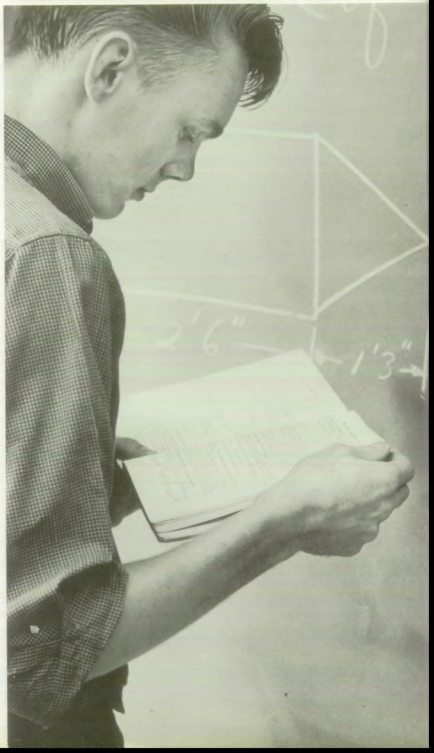

IN MATH II class Jerry Nelsen found the area of a rectangular triangle on the blackboard.

STUDENTS WERE given a spelling test by Ray Kozuch in their English V class.

MR. RUDD helped a student with a division problem in his arithmetic class.

BOB GOLEM AND Gary Atkins, chemistry students in Mr. William Parson's class, analyzed soil for the Board of Education.

RON ACHOR and Betty Turner are shown using a stethoscope, one of the medical instruments used in Biology class. Biology students, under the supervision of Mr. Loren Hoch, studied human body as well as animals and plants.

HEARING TESTS WERE GIVEN by Miss Inga Erickson, R. N. the school nurse, to all sophomores. She was assisted by Barbara Penk. Peter Ptak was the student being tested.

DURING THEIR HOME MANAGEMENT class, Karen Vargo, Lowana Borem, and Vicki Jones repaired a faucet on a sink, while Judy Nairn and Mary Beth Kniotek adjusted the gas flame on a stove.

MONITORS' POSITIONS were open to all study hall students who were scholastically suited.

MRS. FLACK EXPLAINED parts of *David Copperfield* to her English II class.

Shops
. . . VOCATIONAL COMPETENCE
. . . WORTHY HOME MEMBERSHIP

DON DAUM and Klemens Kiszenia are filing on crosspeen hammers in Machine Shop. This is part of their benchwork experience in this shop.

PAUL FUNK did bench metal layout work in Exploratory Metals.

JESSIE BROWN is shown as he cut a gate in a mold in Mr. Ranney's Foundry Shop.

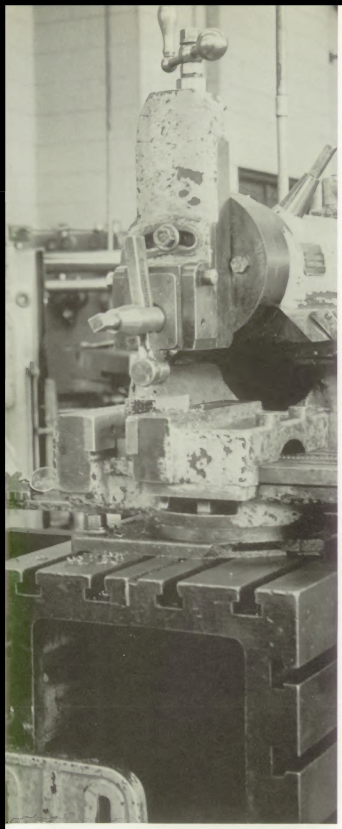

Seven Shops

Tech's seven metal working shops were important not only because of excellent facilities but also because of the tremendous demand by industry for metal workers.

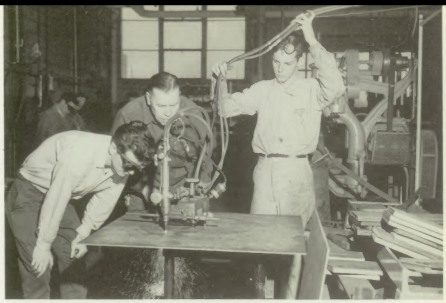

Welding shop taught maintenance, repair, and use of ox-cetylene and arc welding equipment. In Tech's two machine shops, students were instructed in the use of the power metal working machines found in heavy industry and "job shop." The boys in Forge-

ED LONG CUT a V-block on the shaper during his Machine II class.

Offered Training in Metals

Foundry learned the elements of making and using sand molds and the shaping of mallable metals while boys in Sheet Metal shop learned to set up full-scale designs from a blueprint, layout work, and fabricating. Plumbing shop, designed to train students in plumbing and related pipefitting trades, taught the boys how to cut, thread and assemble various kinds of pipe. Exploratory metals, a required freshman shop, introduced students to basic metal working.

LARRY McABEE, left, and Bill Williams, right, are shown above with Mr. Ted Flack, welding instructor. The boys are flame cutting steel flanges for an iron cupola which they are building for the Foundry Shop.

DEAN ALLEN, MIKE PERZ, and Ray Sobolewski worked on trays for Exploratory Electric during their Sheet Metal shop.

BILL EVELAND, left, and Keith Watson, right, worked on calking a soil pipe joint in the Plumbing class.

JIMMY ANDERSON skillfully worked at producing the circular part of a lamp in his exploratory wood shop.

TERRY ALYEA and Karl Nemeth checked the measurements of a scale model of a garage in Wood shop.

Curriculum Included Carpentry, Patternmaking

Students interested in woodworking were trained in selection of lumber, layout and design, and use of hand and power tools and machines. Exploratory Wood was a course given to all freshmen to see if they were suited for further training in this area. Students in wood shops did cabinetmaking and carpentry, after mastering basic skills. Pattern shop taught students fundamentals of woodworking and procedures used in making patterns for the castings in a foundry.

MR. WALTER SCHAW EXPLAINED the procedure in making a pattern to one of his students in Pattern shop.

BOYS WORKED ON WIRING SET-UPS in Mr. Binstock's Exploratory Electric Shop.

. . . Also Electricity, Electronics

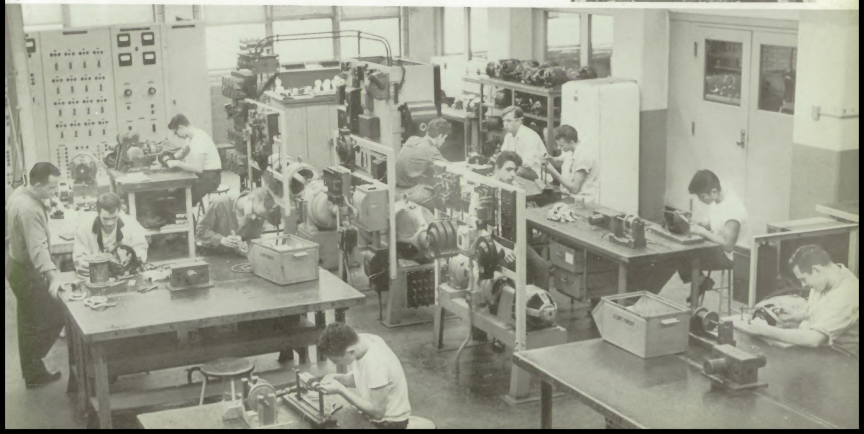

For the Tech students interested in electrical work, the 1961-62 curriculum offered a choice of four shops — Exploratory Electric, required of all freshmen; Electric I, basic instruction in house, telephone, and signal wiring; Electric II, which included motor and appliance repair, and Electric III, an advanced course in electronics.

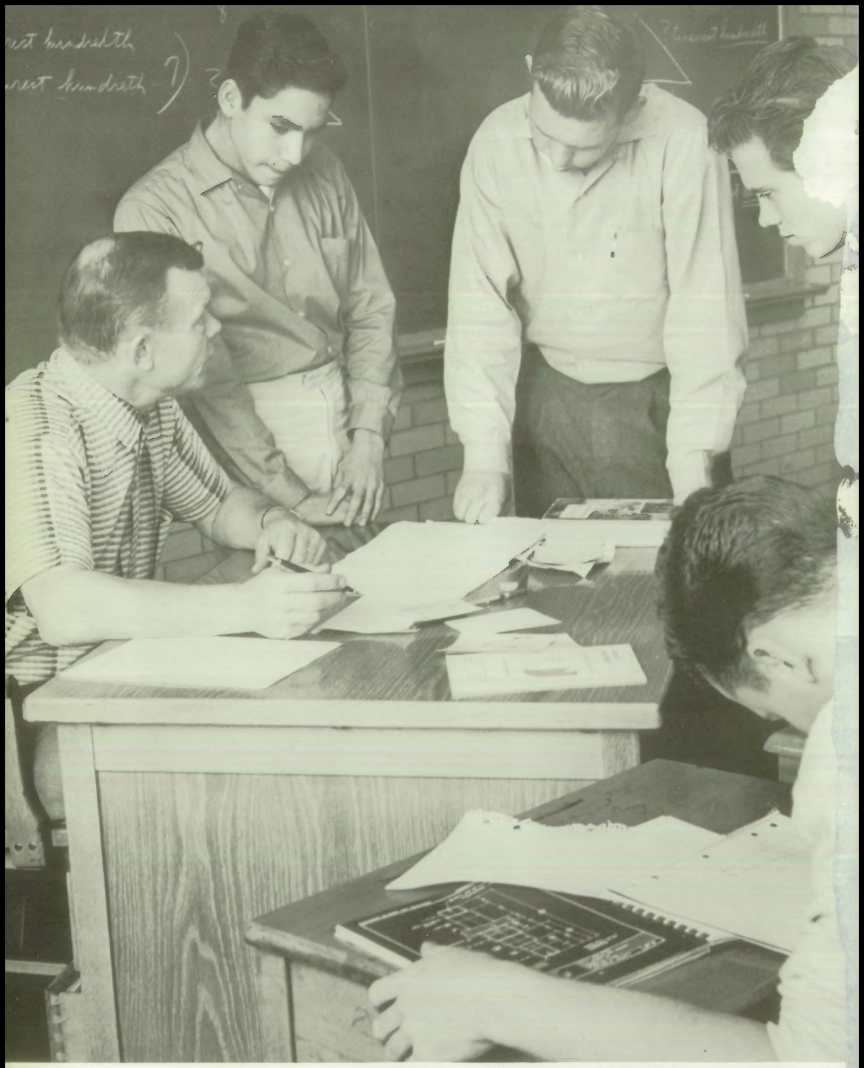

ELECTRI I taught the basic skills and rules for electrical work.

A COMBINATION RADIO and T.V. chassis was repaired by Mike Drapach and William Gray in Electric III.

BOYS IN ELECTRIC II were given the opportunity to repair motors and electrical appliances.

MR. HOEMANN explained a problem in sketching to some of his students.

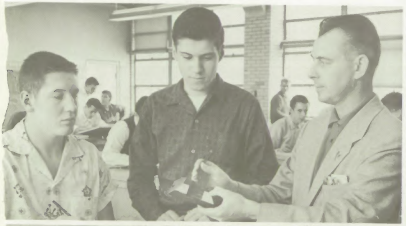

TECHNICAL DRAFTING SHOP students worked on assignments.

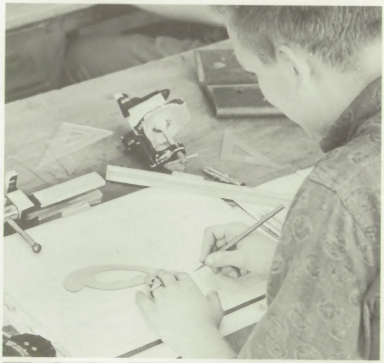

Tech Offered All Phases of Drafting

All phases of blueprinting, drafting, and freehand sketching were offered at Tech. On the technical course, engineering drawing covered all material useful to an engineer. Mechanical drawing, a similar subject, was designed for boys on the vocational course. It gave them a knowledge of working drawings and sketches for use on the job. The regular drafting shop covered all phases of drafting and blueprinting and was set up for the boys planning to become professional draftsmen. Exploratory drafting was an introduction to basic drafting procedures.

MR. CASPERSON EXPLAINED the principles of an auxiliary view to Larry Brown and George Ptak.

JIM RUTZ MADE a detail of a vise for the Pattern Shop while in his Drafting Shop.

THE BLUEPRINT MACHINE was operated by Dan Slaman and Larry Cramer.

THE BOYS in Mr. Casperson's Drawing class worked on problems from the book.

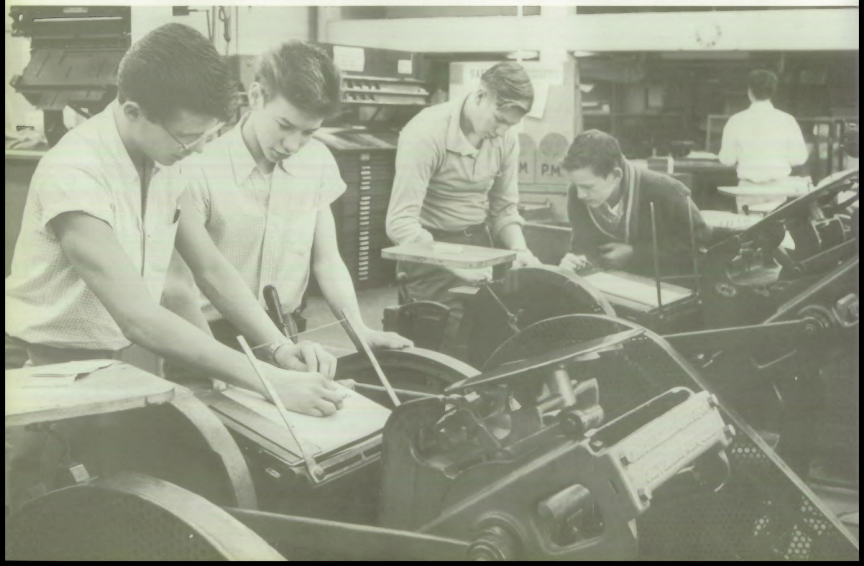

WORKING ON AN Automatic Cylinder Printing Press in Printing II were Ralph Morrison and Bill Fowle.

Students Helped Print for School System

Tech's two printing shops, Printing I and Printing II, taught students basic procedures and more complex operations used in this trade. Printing I taught manual typesetting and the use of offset and platen presses. Advanced students in Printing II were taught the use of vertical presses and the Linotype machine. They also did all of the printing for the Hammond schools and the Board of Education.

ROY LUNDMARK, James Howell, Dennis Redar, and Michael Ryba worked hard at turning out address cards in Mr. Iannone's Printing I shop.

THE REPAIR AND MAINTENANCE of an auto was taught by Mr. M. A. Norris in his Auto Shop.

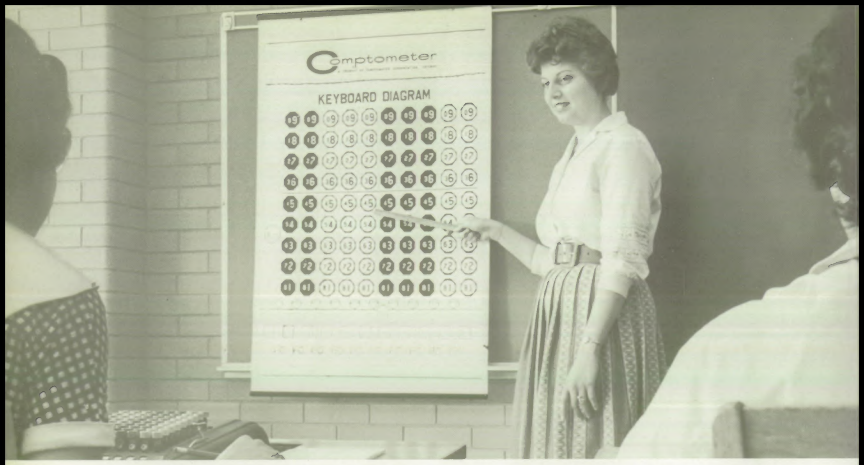

TONY MORGAN and Chuck Higgins ran an inspection on an aircraft engine in Mr. Ford's Aviation Shop.

. . . Also Repaired Auto and Aircraft Engines

AUTO SHOP students in 1961-62 learned how to use hand tools and testing equipment. They learned how to tune up a car and to repair fuel, cooling, ignition, and electrical systems of automobiles. Autos worked on were those belonging to teachers and students.

AVIATION SHOP students studied the theory of engine repair and then put the theory to practice on real aircraft engines.

MISS KLUS explained the keyboard diagram to her Comptometer I class.

Business Students Helped School with Clerical Work

Fundamentals of business were taught in 1961-62 to prepare students for future partime or full-time jobs. They were given training in typing, shorthand, business machines, and bookkeeping. Advanced students were given "production" for more experience in office work. This production work included dictation from teachers and participation in the school's clerical work.

DIANE JENKINS explained a balance sheet to the rest of the class in bookkeeping.

GIRLS FROM MRS. ARNDT'S Bookkeeping I[1] class managed the financial division of the Chart. They were, left to right, front row, Vavrek, Athey, Kijak, Jacabsma, Forst. Back row, Arens, Hlatko, Dembowski, Bakota, Anderson, Jones.

LAURA KESTNER AND BARBARA EVANS completed the job of weighing certain objects in their Practical Service class.

ANDREA KASIANCHUK demonstrated how to punch in on the time clock while Mrs. V. Wood and Carolyn Anderson looked on.

IN THIS Business Essentials class, Beverly Davies, Leslie Wilcox, and Charlotte Galster discussed the topic of getting along with others.

ELLA BARNES FASTENED NAME LABELS onto folders during her Filing class.

STUDENTS IN Mrs. Wright's Typing I class took a three-minute timed writing which was a part of their daily typing.

DOROTHY ZEA EXPLAINED to Theresa Adamkiewicz how to insert a ribbon into a typewriter during their Personal Typing Class.

IN PERSONAL TYPING class, Ronald Taylor found out he typed the wrong lesson.

JACKI GAFFNEY EXPLAINED to Judy Hubble how to use the cash register.

THESE SENIOR GIRLS worked in the Nurse's Office under the direction of Miss Inga Erickson, R.N. The first semester nurse's assistants were, from left to right: Norma DeArmond, Eleanor Stevenson, Ella Barnes, Barbara Penk, Carol Stelow, and Miss Inga Erickson, R.N.

SHARON DEEN typed a letter as she listened to the dictaphone machine in her Typing IV class.

RUTHANN LAMOTT and Pam Gustynski were timed by Joan Paprocki in their Typing I class.

OFFICE PRACTICE SEMESTER II
FRONT ROW, seated, left to right: Ahart, Davies.
SECOND ROW: seated: Fredricks, Laird, Hines, Bednarczyk, Bozack, Banaszak, Barger, Adams.
BACK ROW, standing: Schmittel, Kiszenia, Keller, Lopez, Parkton, Kmiotek, Reyes, Saunders, Daukszа, Banks, Roop.

STUDENTS TYPED LETTERS from their shorthand notes during their Transcription II Class.

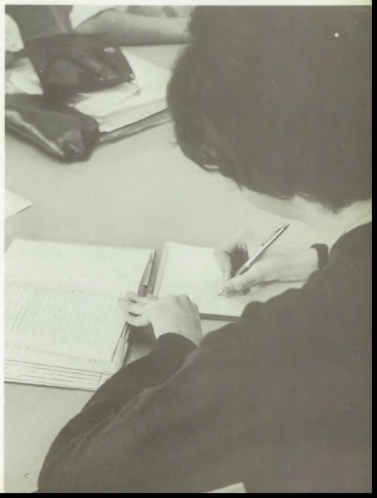

OFFICE PRACTICE SEMESTER I
FRONT ROW, left to right: Jenkins, Pawlowski, Boggs, Lytle, Bednarczyk, Simon.
SECOND ROW: Hoyson, Wassermann, Palmer, Novalick, Sobczak, Buhring, Galster, DeMass, Clark.
THIRD ROW: Franks, Watson, Wells, Stiller, Kestner, Deen, Stelow.
BACK ROW: Schwingendorf, Garcia, Link, Bozack, Penk, Dembowski, Luther, Fuller.

LIBRARY ASSISTANTS SECOND SEMESTER
FRONT ROW, left to right: Miss Goodman (sponsor), Stevenson, Alexander, Coto.
BACK ROW: Elliott, Schultz, Chowning, Carroll, Tsouchlos, Watson, Reeves.

HELEN KAJDI WROTE her daily lesson in Mrs. Wright's Shorthand I class.

ROGALSKI, Frostick, Plain, and Sobkowicz admired a completed card in Keypunch.

Future Homemakers Learned to Sew . . .

Every girl was required to take at least one semester of clothing in which she learned to sew by both machine and by hand. Girls began by making a simple apron and by the time they finished the course some were able to make suits and coats. Advanced sewing was offered to any girl interested in taking advantage of it.

ROSE HAWORTH ASSISTED Sharon Cutler in marking the hemline in a skirt made by Sharon in her Clothing I class.

JOYCE STUR cut out a jacket for a suit and Sherrie Sanders hemmed a skirt in their Advanced Clothing class.

DURING HER ADVANCED CLOTHING class, Carol Quartier worked on the finishing touches of her blouse.

. . . Also to Serve Balanced Meals

Tech's future homemakers learned why we need well-balanced meals and how to plan them at a moderate cost. The girls learned the proper way to set a table. They practiced these rules by cooking for and serving each other.

IN CAFETERIA COOKING Kathy Spudville and Connie Weaver used the automatic potato masher to prepare the potatoes for the lunch periods.

DURING THEIR FOODS I class, Judy Van Hyfte, Pat Kotul, Margaret Bender, and Pat Daugherty answered questions about food nuitrition.

TINA BUONO showed her classmates how to mix the ingredients of a batch of cookies in her Foods II class.

MARGIE MARVEL WASHED A pan during Cafeteria Cooking.

CAROL STRAUCH and Therese Spindler made icing for a cake while Veronica Sadler and Sharon Schultz washed the dishes.

RALPH MORRISON, senior, and Mr. Pat Iannone, Printing I instructor, displayed a poster which won for Ralph an industrial arts award.

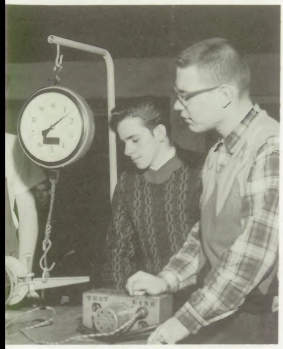

A NEW TORQUE TESTER device is being demonstrated by Mr. Rinehart in Electric II Shop. From left are Larry Crouch, Tom Kolbus, Jim Piekarczyk, and Jerry Dietzen.

ACCEPTING the bat rack made by Jim Revercomb and Dennis Butler, is Delas Littlejohn, captain of Tech's Baseball Team. Jim Rutz, right, the designer, is discussing the original plans with them.

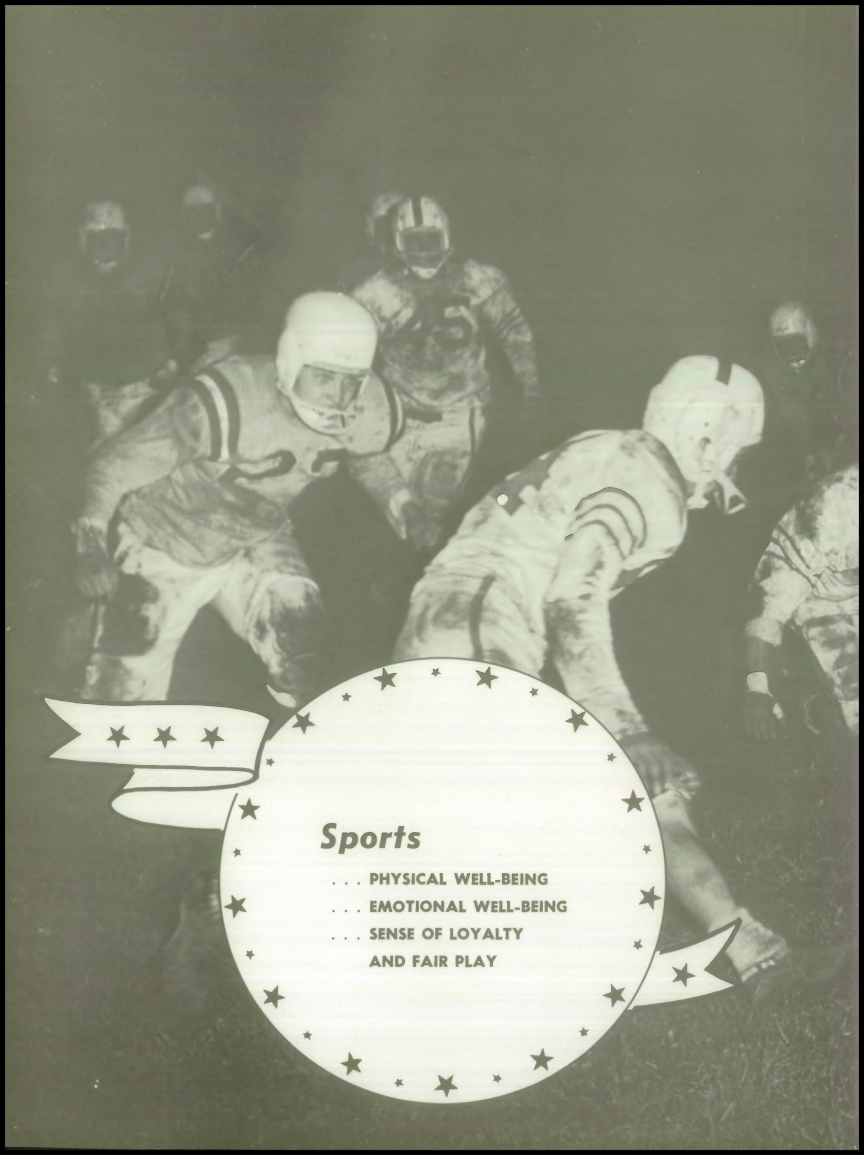

MIKE DOBROWSKI and Jerry Parnell made the desk and puzzled the principal. Mr. H. H. Wilson, director, was quite perplexed by the desk he didn't know we had, and delightfully surprised when Mr. Walter Schaw, Pattern Shop instructor, told him the two boys had made it and the chair as a shop project.

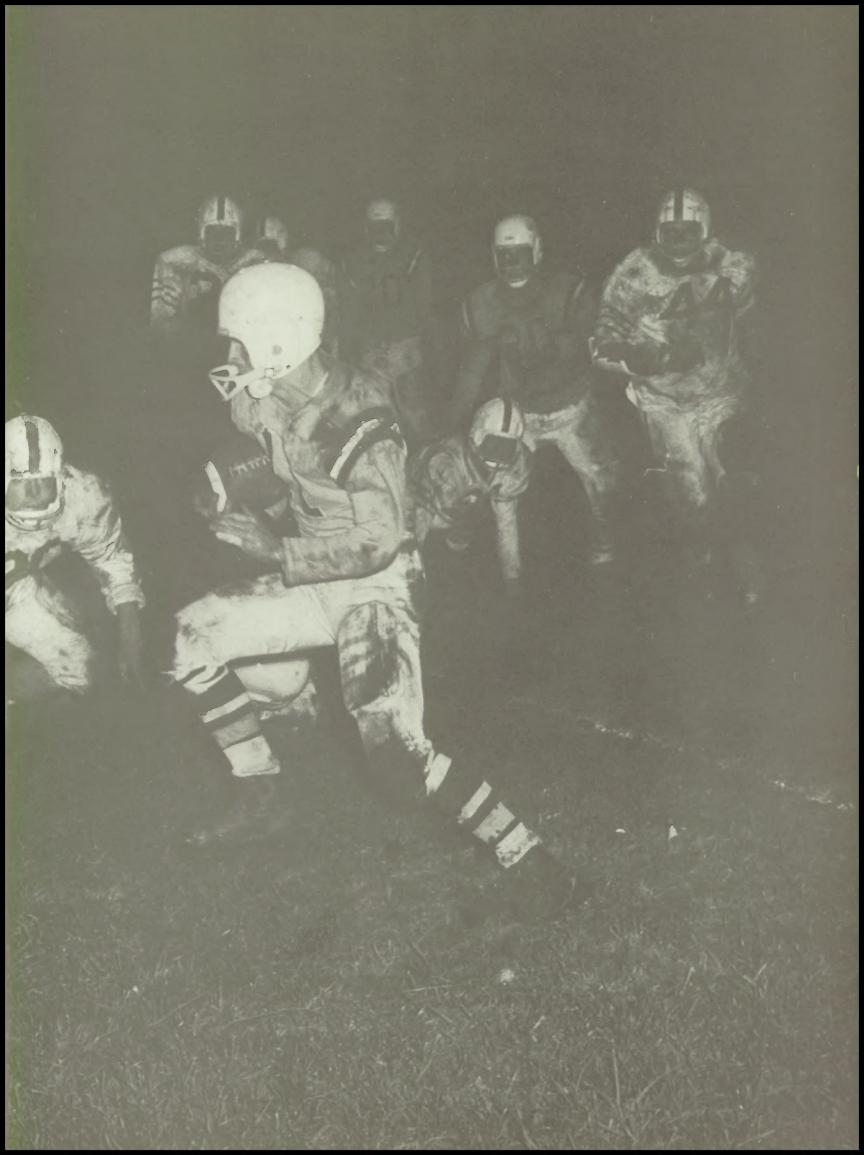

SEATED AT RIGHT is Rich Baradziej. He constructed, with the aid of his Electric II instructor, a timelock and switchboard for Mrs. Benson's Business Essentials class. Shown with him is Garry Atkins.

INSPECTING THE new shop foreman's smock worn by Jim Zawadski are Cary Pearson, left, and Chris Cotner. The word foreman was silk-screened onto the smock by Pearson and Cotner in Printing I shop.

AND FAIR PLAY

AT THE TRADITIONAL homecoming bonfire, the varsity cheerleaders brought out the spirit as they led in cheers.

Homecoming Parade Had 127 Cars

Beginning with the pep assembly on Thursday, tension mounted and reached a climax about 9:30 the following evening as we defeated Clark 19-7 in our Homecoming game. This year our parade contained 127 cars. Before the game, a drill team from American Legion Post 168 saluted the colors. During the halftime our band formed a heart, through which the king and queen candidates walked while the band played "Sweetheart of Sigma Chi."

AN ORDINARY FARM WAGON suddenly became a beautiful float as it passed in review during the homecoming parade.

MR. NORRIS is shown with the auto shop jeep that took first place in the Best Decorated Car contest at the Homecoming game.

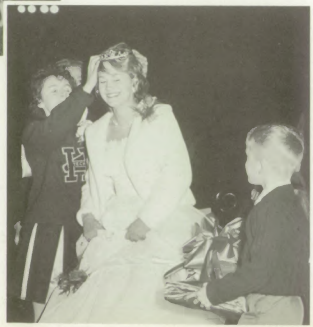

MICKEY MACK, first prize winner, is shown as he drove his car through our 1961 Homecoming parade.

TECH'S BAND added music during half-time ceremonies at the Homecoming.

PAT ROGALSKI, one of our Co-Queens, shed happy tears after she heard the announcement of her winning.

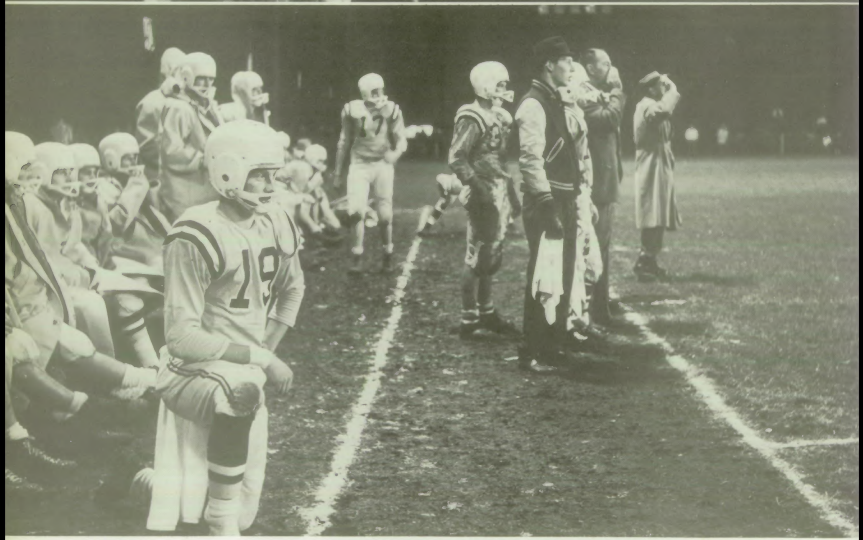

CO-QUEENS for the 1961 Homecoming were Pat Mulvihill and Pat Rogalski. Our 1961 Homecoming King was Deleas Littlejohn. Because Deleas played in the game, he was unable to receive his award; therefore Ricky King accepted it for him. Candidates for Homecoming King were, left to right, Don Bjork, Ricky King, Lloyd Barnett, Tom Melton, Ron Walsh, Paul Kingma, Bob Doell, Norman Smith, and Jack Lundsford. Members of the Queens' court were, left to right, Virginia Malkewicz, Connie Fentress, Rosemarie Roman, Mary Jo Trentowski, Carole Fuller, Carol Oldfield, and Cindy Zaffore.

GEORGIA FULKERSON, varsity cheerleader, crowned our Co-Queen, Pat Rogalski, during our half-time ceremonies of the 1961 Homecoming game with Clark. Our little flower bearer stood by, patiently awaiting his turn to present the co-queen with roses.

AFTER HALF-TIME against Clark, the Tech band helped cheer the Tigers to victory.

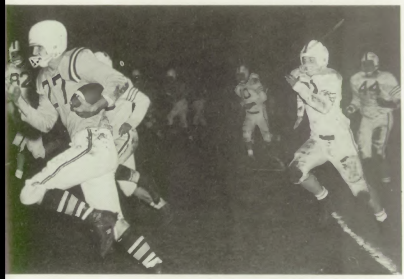

THE TIGER BENCH — Each player studied the game and eagerly awaited his chance to play.

Gridders Displayed Desire and Enthusiasm

In 1960, Coach Carlson, now retired, predicted that a then young, inexperienced team would be "a real good team" in years to come. These words were made a reality with a 4-4-1 season tallied by the '61 Tigers. The Tigers' new head coach, Walt Vielieu, had this to say of the spirit shown by the season's gridders, "The attitude, desire, and enthusiasm of this year's team made the past season one to remember and enjoy. The seniors on this team can be proud of their leadership and example."

TOLFR TRIED TO SCORE for Tech, but was tackled by opponents.

LARRY CROUGH gained yardage.

LARRY CROUCH pushed through Clark tacklers in the homecoming game.

LARRY CROUCH, Tech's fullback, was brought down after a gain around his left end by a Pioneer tackler in the Homecoming game.

BEFORE THE BATTLE — The huddle around Coach Bereolos.

Inexperience Termed Cause for 4-15 Cage Record

Coach Bereolos explained that inexperience was the chief factor for the 4-15 record of the 1961-62 edition of the Hammond Tech Tigers. He believed that with the addition of Ken Littlejohn, Alfred Powell, and Richard Polus, Hammond Tech was to be well represented during the coming season.

Activities
. . . WISE USE OF LEISURE TIME
. . . EMOTIONAL WELL-BEING
. . . SENSITIVITY FOR THE LIVES OF OTHERS

Food + Leisure or Study = Lunchtime

In 1961-62, students had more to do and more time to do it during the lunch hour. The lunch hour was extended from thirty-five to forty-five minutes. With this increase in time, students were able to eat their lunch at leisure and enjoy other activities such as volleyball, basketball, dancing, and listening to their favorite records. Pupils were also able to study or read in the library or just sit around and talk.

LUNCH PERIOD was a time for conversation for students who bought or brought their lunches.

GIRLS WERE INITIATED for Y-Teens at the Y.W.C.A. Youth Center.

Social Life Included Parties and Dances

An important part of school life in 1961-62 were the good times at formal and informal parties and dances. At these social gatherings appropriate dress and conduct were discovered as being important.

THE CHA-CHA was one of the many dances that students participated in at the Junior-Senior party.

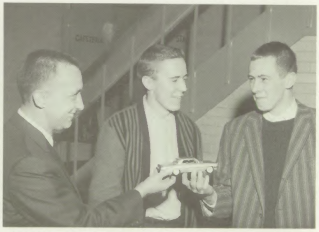

STUDENTS ANXIOUSLY WAITED in line to be served cookies and punch at the Junior-Senior party.

STUDENTS PARTICIPATED in the game "apple on a string" at the Flash and Clash Party.

JIM FOLTA received a "1960 Oldsmobile" as his prize for having the lowest score in the party golf game at the Junior-Senior party. Mr. Joseph Esterhay made the presentation while Jim Harvey looked on.

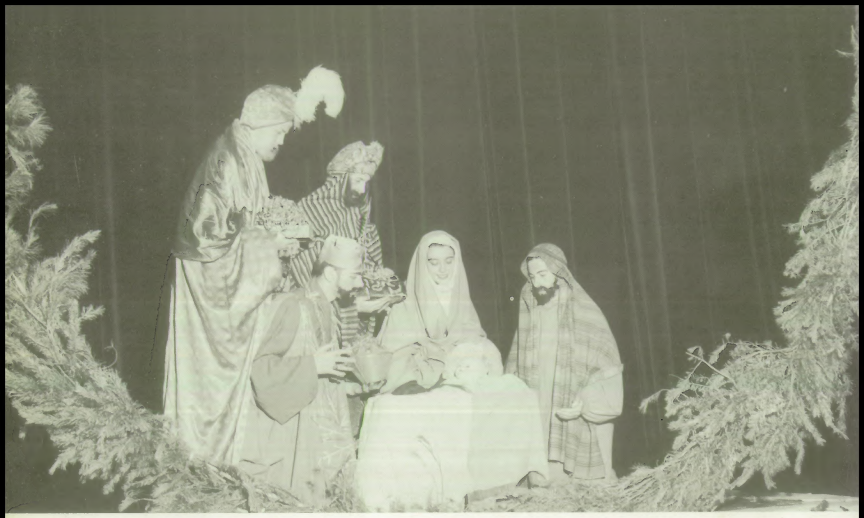

STUDENTS WERE ENTERTAINED by the "Off Beats" at the Flash and Clash party.

THE ROCK-A-CONGA was one of the favorite dances the students at Tech participated in at the Flash and Clash party.

THE THREE KINGS brought rich gifts to the Christ Child.

First Christmas Enacted by Drama and Music Students

VIRGINIA MALKEWICZ AND LORRAINE VAVREK served cake to Miss Klus and Mrs. Higgins at the Girls' Club Christmas Tea.

The Christmas program at Tech was presented to the students by the Drama and Vocal Music Departments. They presented scenes of the first Christmas. The combined Choir and choral groups accompanied the scenes with Christmas carols. On the night of December 19 the parents of Tech students were invited to attend a vesper service put on by these same groups.

ANGELS PROCLAIMED the joyous news—the Christ was born.

MISS KLUS, ARLENE SCHAW, Lorraine Vavrek, and Virginia Malkewicz decorated the Christmas tree in Cafeteria.

SANTA, PORTRAYED BY Jack Waddell, and Mrs. Santa (Carol Wallace) looked joyously over their toys.

THE ART DEPARTMENT made posters to brighten up the halls at Christmas time.
TWO GIRLS from Home Economics Club, Rose Haworth and Karen Fleming, packed food for Brooks House during the Christmas season.

MADRIGAL SINGERS performed for students and parents at the Spring Vocal Concert on April 18.

RAY KOZUCH, STUDENT DIRECTOR, led the band in a number during the Winter Band Concert.

MISS VOLKMAN LED the Vocal Department in music for Thanksgiving.

PREVIEWS OF THE WINTER BAND CONCERT were heard by the Tech students during an assembly.

Band Concert Paid Tribute to Armed Forces

The Band gave two concerts. The Spring Band Concert featured classical music, while the Winter Concert was a tribute to the armed forces.

The Music Department presented Thanksgiving, Christmas, and spring vocal concerts.

THE BAND PLAYED A NOVELTY NUMBER, "The Three Little Pigs," in the Winter Band Concert while Sherrill Banks narrated it.

Drama Groups Presented

'Father of The Bride'

"FATHER OF THE BRIDE" was presented Nov. 17 in the Tech Auditorium under the direction of Mrs. Lucille Parre and Mrs. Darlene Kackley. This is a comedy that involves a father caught in the whirlpool of his daughter's wedding plans. The assistants to the directors were Mary Ahart and Diane Kudera.

Seniors Stage Comedy. 'Dear Ruth'

IN THE ANNUAL CHILDREN'S PLAY, the elves came to the shoemaker's store to order their shoes.

"ELVES and the SHOEMAKER" was presented to the grade school children of Hammond.

DENNIS HILL, Steve Grelecki, and Diane Kudera starred in the children's play "The Elves and the Shoemaker."

March 2, 1962, was the night of the Senior Class Play "Dear Ruth." It is a story of Miriam, Ruth's sister, who wrote letters to servicemen overseas signing Ruth's name instead of her own. Rather unexpectedly Lt. Seawright came in search of Ruth, only to face Ruth's jealous fiancé. All this contributed to the confused but hilarious life of a family during World War II.

"The Elves and the Shoemaker," sponsored by the Association of Childhood Education, was the children's play presented by the Drama Department. The student directors were Dan Crum and Sandra Corey. Jack Waddell designed the scenery and Dennis Hill designed the costumes.

WHO IS HAROLD KLABBER-MEYER? Miriam knows. That's why she fainted a moment after the picture was taken.

AFTER THE PLAY was over—look at those smiles!

"TO BE OR NOT TO BE: that is the question." Will she or will she not marry the banker?

History

This year climaxed the events of each senior's high school career. They began the year by electing the following officers: Tony Broadwell, president; Jack Lundsford, vice president; Richard Ingram, treasurer; Karen Wassermann, secretary; and Joan Simon, social chairman.

"Spotlight on Space" was the name of the party given in honor of the seniors on Jan. 25, 1962.

The class colors were gold and white, and the class flower was the carnation.

"Dear Ruth" was the play given by the seniors on March 2, 1962.

May 2, 1962 was the date of the Senior Dinner held in the cafeteria.

"Moon River" was the title of the Prom also given in honor of the graduating class. The dance was held at Madura's Danceland on May 19, 1962.

The Seniors were also honored by an assembly on Senior Dress-Up Day, May 25, 1962.

Baccalaureate Services were held on June 3, 1962, in the Auditorium. The service was conducted by the Rev. Charles Blackmon of Ridge Methodist Church in Munster, Indiana.

Commencement exercises were on Thursday, June 7, 1962. Mr. William E. Wilson, State Superintendent of Public Instruction, addressed the graduating class.

The sponsors of the Senior Class were Miss Mildred Peehl and Mr. Joseph Esterhay.

A TRIBUTE TO THE TEACHERS

Through Tech's doors walks progress,
In the form of meager man,
He has a job to do and he'll do it
If he can.

The students don't give credit,
Some don't even know,
The work and worry it takes,
To make a young mind grow.

Young minds build our nations,
And old minds teach the young,
They deserve the credit,
So let their praises be sung!

The 1962 Chart staff, on behalf of the students and faculty of Hammond Technical Vocational High School, wish to express gratitude to Mr. Burris, Miss Dean, Miss Steiner, and Mr. Wiedman for the many years of fine service in helping make Tech a great school.

The young people you see in these pictures are all on their way to successful careers in one of America's basic industries . . . steel. They decided (as we hope you will decide) to let Inland Steel Company help them plan their future.

Some are gaining knowledge and experience in special trades to become journeyman machinists, carpenters or electricians . . . some are concentrating on certain phases of steelmaking by working in the open hearth shops, the cold rolling mills or the galvanizing lines. Still others are working in laboratories building a sound foundation for a future in steel research.

Inland offers the high school graduate an excellent opportunity to further his education. Employees may participate in a variety of on-the-job training programs, or they can continue their formal education by registering for evening courses offered by local Purdue and Indiana University Extension Centers.

Plan now to investigate the unlimited opportunities for you in steel . . . with the midwest's own steel company . . . INLAND STEEL.

YOUR FUTURE'S BRIGHT IN NIPSCOLAND

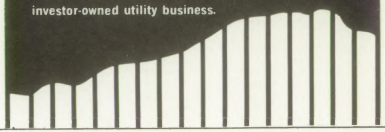

We will be happy to discuss your career opportunities at NIPSCO . . . drop in and see us!

If your eyes are on far horizons following graduation, here's a suggestion from Peppy Flame and Reddy Kilowatt: Look around you right here in NIPSCOLAND!

There are vast and challenging opportunities in northern Indiana for trained young men and women in industry, commerce and agriculture. Some of the greatest challenges await the talent and imagination of young people in the investor-owned utility business.

EDWARD CONGRATULATES
HAMMOND TECH GRADUATES

Another fine group of men and women will join the ranks of Tech alumni. Many of our best employees have come from Calumet area high schools, especially Hammond Tech. They work as technicians in our world-famous research and experimental laboratories (above); as draftsmen and designers in our quality-conscious engineering depart- ment; as production workers in our modern manufacturing plant; or they perform a wide variety of duties in our many fine offices. We're proud of these Tech graduates. We hope to see more of them.

TECH STUDENTS PAID their fees in the office.

THE GRAND MARCH, led by Pat Mikulski and Karen Williams, was one of the many highlights at the "1961" Junior-Senior Prom.
